

# SAFETY DATA SHEET.

Issuing date 12-Jan-2015

Number

Revision Date 12-Jan-2015

Version 1.01

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

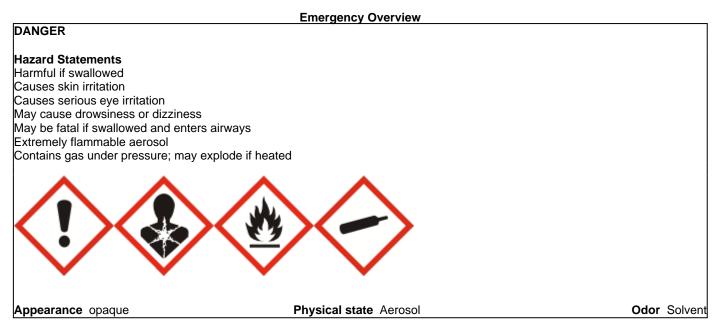

| <u>Product identifier</u><br>Product name                                      | 80-761 GRAF-COAT DRY GRAPHITE                       |
|--|---|
| Recommended use of the chemical<br>and restrictions on use                     |   |
| Product code   | F00505  |
| <u>Product Type</u><br>Synonyms  | Extremely flammable aerosol<br>None                 |
| Supplier's details   |   |
| Recommended Use<br>Uses advised against  | Dry Graphite Lubricant.<br>No information available |
| Manufactured For:<br>Kimball Midwest<br>4800 Roberts Rd.<br>Columbus, OH 43228 |   |
| Emergency telephone number<br>Chemical Emergency Phone<br>Number               | Chemtrec 1-800-424-9300                             |
| Company Emergency Phone  | 1-800-233-1294                                      |

## 2. HAZARDS IDENTIFICATION

## **Classification**

| Acute Toxicity - Oral                            | Category 4     |
|--|----------------|
| Skin corrosion/irritation                        | Category 2     |
| Serious eye damage/eye irritation                | Category 2A    |
| Specific target organ toxicity (single exposure) | Category 3     |
| Aspiration toxicity                              | Category 1     |
| Flammable aerosols                               | Category 1     |
| Gases under pressure                             | Compressed Gas |

# GHS Label elements, including precautionary statements

## **Precautionary Statements - Prevention**

Wash hands and face thoroughly after handling Wear protective gloves/protective clothing/eye protection/face protection Do not eat, drink or smoke when using this product Avoid breathing dust/fume/gas/mist/vapors/spray Use only outdoors or in a well-ventilated area Keep away from heat/sparks/open flames/hot surfaces. — No smoking Do not spray on an open flame or other ignition source Pressurized container: Do not pierce or burn, even after use

## **Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention IF ON SKIN: Gently wash with plenty of soap and water If skin irritation occurs: Get medical advice/attention Take off contaminated clothing and wash before reuse IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Call a POISON CENTER or doctor/physician if you feel unwell IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician Do NOT induce vomiting Rinse mouth

## Precautionary Statements - Storage

Store locked up Protect from sunlight. Store in a well-ventilated place Keep container tightly closed. Do not expose to temperatures exceeding 122°F (50°C)

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

## Hazards not otherwise classified (HNOC)

None

#### Other information

· Toxic to aquatic life with long lasting effects

0.0000104% of the mixture consists of ingredient(s) of unknown toxicity

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name              | CAS-No     | Weight %* |
|----------------------------|------------|-----------|
| ISOPROPYL ALCOHOL          | 67-63-0    | 60-70     |
| PROPANE/ISOBUTANE/N-BUTANE | 68476-86-8 | 30-40     |
| GRAPHITE                   | 7782-42-5  | 1-10      |
| N-BUTYL ALCOHOL            | 71-36-3    | 0.1-1.0   |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

## First aid measures for different exposure routes

| General advice   | Avoid contact with eyes, and clothing.Avoid breathing, vapors,mist,or gas.   |  |  |
|--|--|--|--|
| Eye contact  | In the case of contact with eyes, rinse immediately with plenty of water for 15 minutes and seek medical advice.   |  |  |
| Skin contact   | Wash skin with soap and water. Get medical attention if irritation persists.   |  |  |
| Inhalation   | Move to fresh air. If not breathing, give artificial respiration. If breathing has stopped, contact emergency medical services immediately.                                  |  |  |
| Ingestion  | Do NOT induce vomiting. Call a physician immediately. Never give anything by mouth to an unconscious person. Risk of product entering the lungs on vomiting after ingestion. |  |  |
| Most important symptoms/effects,   | Most important symptoms/effects, acute and delayed   |  |  |
| Main Symptoms  | May cause skin irritation. Inhalation causing Central Nervous System effects. ingestion causing lung damage.   |  |  |
| Indication of immediate medical attention and special treatment needed, if necessary |  |  |  |
| Notes to physician   | Treat symptomatically.   |  |  |
| 5. FIRE-FIGHTING MEASURES  |  |  |  |

## Suitable Extinguishing Media

water fog. Dry chemical. Foam. Carbon dioxide (CO2). Cool containers / tanks with water spray.

Unsuitable Extinguishing Media Do not use a solid water stream as it may scatter and spread fire.

## Specific hazards arising from the chemical

Flammable or extremely flammable aerosol. Container may burst in fire.

#### Explosion Data Sensitivity to Mechanical Impact none. Sensitivity to Static Discharge Yes.

#### **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use shielding to protect fire-fighters from bursting containers.

## 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective equipment | nt and emergency procedures |
|--|-----------------------------|
|  |                             |

| Personal precautions                  | Use with adequate ventiliation to keep the exposure levels below the OELS.   |  |  |
|---------------------------------------|--|--|--|
| Environmental precautions             |  |  |  |
| Environmental precautions             | Report spills as required by local and federal regulations.  |  |  |
| Methods and materials for contain     | ment and cleaning up   |  |  |
| Methods for Containment               | Prevent further leakage or spillage if safe to do so.  |  |  |
| Methods for cleaning up               | Contain liquid and collect with an inter, non-combustible material.  |  |  |
|                                       | 7. HANDLING AND STORAGE  |  |  |
| Precautions for safe handling         |  |  |  |
| Advice on safe handling               | Avoid contact with eyes. Avoid breathing vapors or mists. Contents under pressure. Do not puncture or incinerate cans. Do not stick pin or any other sharp object into opening on top of can. Avoid skin contact. Use with adequate ventiliation. Keep container away from heat, flames, and all other sources of ignition. Keep can away from all sources of electricity such as electric motors and batteries. Do not spray on hot surfaces. |  |  |
| Conditions for safe storage, inclue   | ding any incompatibilities   |  |  |
| Technical measures/Storage conditions | Keep containers tightly closed in a dry, cool and well-ventilated place.   |  |  |
| Incompatible products                 | Store away from strong oxidizers and acids.  |  |  |
| Aerosol Level                         | 3  |  |  |
| 8. E)                                 | 8. EXPOSURE CONTROLS/PERSONAL PROTECTION   |  |  |
|                                       |  |  |  |

## Control parameters

| Exposure Guidelines |           |          |            |
|---------------------|-----------|----------|------------|

ACGIH: (American Conference of Governmental Industrial Hygienists) OSHA: (Occupational Safety & Health Administration) NIOSH IDLH: Immediately Dangerous to Life or Health

Other Exposure Guidelines Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

## Exposure controls

**Engineering Measures** Ventilation systems. Use adequate ventilation to keep the exposure levels below the OELs.

Individual protection measures, such as personal protective equipment

- **Eye/Face Protection** Safety glasses with side-shields.
- Skin and body protection Chemical resistant apron. Protective gloves.
- **Respiratory protection** If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

```
Hygiene measures Handle in accordance with good industrial hygiene and safety practice.
```

## 9. PHYSICAL AND CHEMICAL PROPERTIES

| 10. STABILITY AND REACTIVITY           |                          |                     |  |
|  |                          |                     |  |
| <u>Reactivity</u><br>No data available |                          |                     |  |

#### **Chemical stability**

Stable under recommended storage conditions.

#### Possibility of hazardous reactions

None under normal processing.

#### **Conditions to Avoid**

Extremes of temperature and direct sunlight.

Incompatible Materials Store away from strong oxidizers and acids.

#### **Hazardous Decomposition Products**

Carbon oxides.

## **11. TOXICOLOGICAL INFORMATION**

## Information on likely routes of exposure

| Product Information | Product does not present an acute toxicity hazard based on known information                                      |
|---------------------|---|
| Inhalation          | Exposure to high vapour concentrations may cause nervous systems effects such as headache, nausea, and dizziness. |
| Eye contact         | May cause slight irritation.  |
| Skin contact        | Irritating to skin. Prolonged skin contact may defat the skin and produce dermatitis.                             |
| Ingestion           | Not acutely toxic. Aspiration into the lungs during swallowing may cause serious lung damage which may be fatal.  |

#### **Component Information**

| Chemical Name     | LD50 Oral          | LD50 Dermal           | LC50 Inhalation                     |
|-------------------|--------------------|-----------------------|-------------------------------------|
| ISOPROPYL ALCOHOL | = 1870 mg/kg (Rat) | = 4059 mg/kg (Rabbit) | = 72600 mg/m <sup>3</sup> (Rat) 4 h |
| 67-63-0           |                    |                       |                                     |

| N-BUTYL ALCOHOL | = 700 mg/kg (Rat) | = 3402 mg/kg (Rabbit) | > 8000 ppm (Rat)4 h |
|-----------------|-------------------|-----------------------|---------------------|
| 71-36-3         |                   |                       |                     |

#### Information on toxicological effects

#### Symptoms

Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting. Irritating to skin. Prolonged or repeated exposure may cause dermatitis. Contact with eyes may cause irritation. Not acutely toxic. Aspiration into the lungs during swallowing may cause serious lung damage which may be fatal.

## Delayed and immediate effects as well as chronic effects from short and long-term exposure

| Skin corrosion/irritation          | Irritating to skin.   |
|------------------------------------|---|
| Eye damage/irritation              | Irritating to eyes.   |
| Sensitization                      | No information available.   |
| Germ Cell Mutagenicity             | No information available.   |
| Carcinogenicity                    | There are no known carcinogenic chemicals in this product.                                  |
| Reproductive toxicity              | The ingredients are not reproductive hazards.   |
| Specific target organ systemic     | May cause drowsiness and dizziness.   |
| toxicity (single exposure)         |   |
| Specific target organ systemic     | No information available.   |
| toxicity (repeated exposure)       |   |
| Chronic toxicity                   | Intentional misuse by deliberately concentrating and inhaling contents may be harmful or    |
|                                    | fatal. Chronic hydrocarbon abuse has been associated with irregular heart rhythms and       |
|                                    | potential cardiac arrest. Prolonged skin contact may defat the skin and produce dermatitis. |
| Target Organ Effects               | Central nervous system, Central Vascular System (CVS), Eyes, Respiratory system, Skin.      |
| Aspiration hazard                  | May be fatal if swallowed and enters airways.   |
| •                                  |   |
| Numerical measures of toxicity - P | roduct Information  |

## U.S. Federal Regulations

## <u>SARA 313</u>

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372:

| Chemical Name                     | CAS-No  | Weight %* | SARA 313 - Threshold<br>Values % |
|-----------------------------------|---------|-----------|----------------------------------|
| ISOPROPYL ALCOHOL - 67-63-0       | 67-63-0 | 60-70     | 1.0                              |
| N-BUTYL ALCOHOL - 71-36-3         | 71-36-3 | 0.1-1.0   | 1.0                              |
| SARA 311/312 Hazard Categories    |         |           |                                  |
| Acute Health Hazard               | Yes     |           |                                  |
| Chronic Health Hazard             | Yes     |           |                                  |
| Fire Hazard                       | Yes     |           |                                  |
| Sudden Release of Pressure Hazard | Yes     |           |                                  |
| Reactive Hazard                   | no      |           |                                  |

#### **Clean Water Act**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

## **CERCLA**

This material, as supplied, contains one or more substances regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302):

| Chemical Name              | Hazardous Substances RQs | Extremely Hazardous Substances<br>RQs | RQ   |
|----------------------------|--------------------------|---------------------------------------|--|
| N-BUTYL ALCOHOL<br>71-36-3 | 5000 lb                  |                                       | RQ 5000 lb final RQ<br>RQ 2270 kg final RQ |

## U.S. State Regulations

## California Proposition 65

This product does not contain any known Proposition 65 chemicals.

## U.S. State Right-to-Know Regulations

| Chemical Name                           | New Jersey | Massachusetts | Pennsylvania |
|---|------------|---------------|--------------|
