Date of Issue: 03/12/2025	Revised On 03/12/20.	
1 Identification of the substance a	nd manufacturer	
Trade name: Other means of identification	JB ORANGE	
Product code:	80-622	
Article category Recommended use:	Paint and coatings application	
Uses advised against:	Paint and coatings application. Any that differs from the recommended use.	
Manufacturer/Supplier:	Kimball Midwest 4800 Roberts Road	
	Columbus, OH 43228	
	800-233-1294 www.kimballmidwest.com	
Emergency telephone number:	ChemTrec: 800-424-9300	
2 Hazard(s) identification		
Classification of the substance or m		
Aerosols 1 Eye irritation 2A	H222-H229 Extremely flammable aerosol. Pressurized container: may burst if heated. H319 Causes serious eye irritation.	
Specific target organ toxicity (single ex		
Specific target organ toxicity (repeated		
Additional information: GHS Hazard pictograms	$\land \land \land$	
	GHS02 GHS07 GHS08	
Signal word	Danger	
Hazard statements	Extremely flammable aerosol. Pressurized container: may burst if heated. Causes serious eye irritation.	
	May cause drowsiness or dizziness.	
Precautionary statements	May cause damage to organs through prolonged or repeated exposure. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.	
·····	Do not spray on an open flame or other ignition source.	
	Do not pierce or burn, even after use. Do not breathe dust/fume/gas/mist/vapors/spray.	
	Avoid breathing fume/mist/vapors/spray. Wash thoroughly after handling.	
	Use only outdoors or in a well-ventilated area.	
	Wear protective gloves/protective clothing/eye protection/face protection. If inhaled: Remove person to fresh air and keep comfortable for breathing.	
	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present an easy to do. Continue rinsing.	۱d
	Call a poison center/doctor if you feel unwell.	
	Get medical advice/attention if you feel unwell. If eye irritation persists: Get medical advice/attention.	
	Store in a well ventilated place. Keep container tightly closed.	
	Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 122 °F (50 °C).	
	Dispose of contents/container in accordance with local/regional/national/international regulations.	
3 Composition/information on ing		
Chemical characterization: Mixtures Chemical Description:	s This product is a mixture of the substances listed below with nonhazardous additions.	
Dangerous components:		ר
67-64-1 Acetone	15-25%	
74-98-6 propane 106-97-8 n-butane	15-25% 5-10%	
7727-43-7 barium sulfate	5-10%	
110-19-0 Isobutyl Acetate	5-10%	
2807-30-9 Glycol Ether EP 108-65-6 PM acetate	≥5-<10% 1-5%	ó
123-86-4 butyl acetate	1-5%	$\neg$
107-87-9 Methyl Propyl Ketone	1-5%	
4 First-aid measures		٦
After inhalation:	Supply fresh air; consult doctor in case of complaints.	-
After skin contact:	Remove contaminated clothing. Wash exposed area with soap and water.	
After eye contact: After swallowing:	Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. Rinse mouth with water. Do not induce vomiting.	
Most important symptoms and effects:	Dizziness	
61663.	DIZZITIESS (Contd. on page	2)

## Trade name: JB ORANGE

Ingredients with biological limit values:

67-64-1 Acetone	
BEI (USA) 25 mg/L	
Medium: urine	
Time: end of shift	
Parameter: Acetone (nons	
Hygienic protection:	Immediately remove all soiled and contaminated clothing. Wash hands after use.
	Avoid contact with the eyes and skin. Do not eat or drink while working.
Breathing equipment:	A respirator is generally not necessary when using this product outdoors or in large open areas. In
-	cases where short and/or long term overexposure exists, a NIOSH approved respirator should be
	worn. If you suspect overexposure conditions exist, please consult an authority on chemical
Hand protection:	hygiene. Nitrile gloves.
-	The glove material must be impermeable and resistant to the substance.
Eye protection:	Tightly sealed goggles
9 Physical and chemical properties	6
Physical state	Aerosol
Odor:	Aromatic
Odor threshold:	Not determined.
Melting point/Melting range	Undetermined.
Boiling point: Flammability:	-44.5 °C (-48.1 °F) Extremely flammable.
Lower Explosion Limit:	1.7 Vol %
Upper Explosion Limit:	10.9 Vol %
Flash point:	-19 °C (-2.2 °F)
Flammability (solid, gas):	Extremely flammable.
Decomposition temperature:	Not determined.
pH-value:	Not determined.
Viscosity: Solubility:	Not determined. Not determined.
Vapor pressure:	Not determined.
Relative Density:	Between 0.77 and 0.85 (Water equals 1.00)
Vapor density	Not determined.
Particle characteristics	Not applicable.
Appearance:	Aerosol.
Ignition temperature:	Product is not self-igniting.
Danger of explosion:	In use, may form flammable/explosive vapour-air mixture.
NA/atam	
Water:	0.0 %
Water: Evaporation rate Partition coefficient: n-octonal/wate	0.0 % Not applicable.
Evaporation rate	0.0 % Not applicable.
