### 9. Physical and chemical properties

#### Information on basic physical and chemical properties

Appearance                        Paste

Color                                Beige.

Odor                                 Fragrant

**Kresto® Classic**

pH 5.5 - 6.0 (10%)

Relative density approx. 1.05

**10. Stability and reactivity**

Reactivity Stable under normal conditions

Stability Stable at normal ambient temperatures.

Possibility of hazardous reactions No information available

Conditions to avoid Keep at temperature not exceeding 40°C.

Materials to avoid No information available

**11. Toxicological information**Information on toxicological effects

Toxicological effects No information available.

**12. Ecological information**

Toxicity Not applicable.

Persistence and degradability

Persistence and degradability No data available.

Bioaccumulative potential

Bio-Accumulative Potential Not known.

Mobility in soil

Mobility Not known.

Other adverse effects

Other adverse effects Not known.

**13. Disposal considerations**Waste treatment methods

General information Dispose of waste product or used containers in accordance with local regulations

**14. Transport information**

General The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, DOT).

UN Number

UN No. (International) Not applicable.

UN proper shipping name

Proper shipping name (International) Not applicable.

Transport hazard class(es)

**Kresto® Classic**

**Transport Labels  
(International)** No transport warning sign required.

**Packing group**

**Packing group (International)** Not applicable.

**Environmental hazards****Environmentally Hazardous Substance**

No.

**Special precautions for user**

Not applicable.

**Transport in bulk according to  
Annex II of MARPOL 73/78  
and the IBC Code** Not applicable.
